

# Pupil Premium

Could Your Child Benefit During Their Time at Onslow?

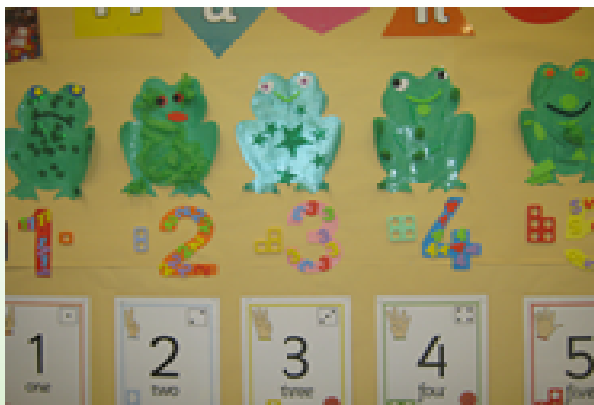

All infant school children are entitled to universal free school meals. However, there are so many other benefits...

Pupil Premium has supported the purchase of educational toys for clubs. These develop thinking and analytical skills, whilst giving opportunities to make new friends.

Pupil Premium funds one-to-one teaching, small intervention group teaching and support from our Home School Link Worker.

Pupil Premium money in conjunction with PTA funds has also been used to buy Numicon which supports and develops children's understanding of mathematical concepts.

## Why Do We Ask?

With changes to funding in education, it is important that we attract all possible funding to maximise the learning experience of every child in our school.

If you would be interested in learning more about whether the Pupil Premium Funding applies to you and could benefit your child please look on our website to see how you can apply:
