3rd July 2026

Dear Parents/Carers,

As part of our STEM (Science, Technology, Engineering and Maths) week we would like to ask all of the children to **dress up for school on Tuesday 14th July**. We would like for the children to dress up as a **STEM related job**! We appreciate this is a busy time of year so this can be as simple as wearing home clothes as a computer programmer or you can get creative and dress up as an astronaut! It will be a lovely opportunity to talk to the children about STEM jobs. Please see attached for some picture inspiration!

A list of STEM related jobs you might choose: scientist, chemist, astronaut, mechanic, gardener, chef, doctor, vet, inventor.

Please don't spend any money on outfits and do instead make a prop with your child or wear something you already have!

Thanks so much for your support!

Kind regards,

Mrs Peel and Mrs Barton
