16 September 2026

Dear Parents and Carers,

If your child has a medical condition, asthma, allergy or requires medication/medical equipment to be kept in school, you will need to complete a new copy of our Pupil Medical Form for the 2026-2027 school year. If your child needs a special diet as a result of any allergies or medical condition, you will also need to notify our caterers, Edwards and Ward by completing their online form: <https://edwardsandward.co.uk/special-diets/>

Please find a medical form attached for your convenience. You can also download it from the school website or come to the office to get a printed copy.

We are unable to offer special diets or administer medicines without a current form for this school year, so please return your paperwork as soon as possible or contact the office if you have any queries. Please also bring any inhalers or medicines for your child that need to be kept in school, to the school office as soon as possible. These must be clearly named and well within their expiry date. It is the responsibility of parents and carers to ensure that these items are replaced once they have reached their expiration date.

We appreciate your support in ensuring our school records are up to date.

Kind regards,

The School Office
